9 June 2017

Dear Circus Starr

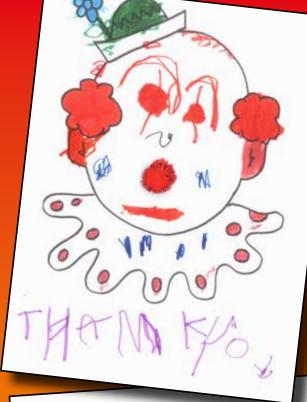

I am writing to you on behalf of DownSouth which is a registered charity which supports children with Down's syndrome and their families and friends in South Devon, to say a massive Thank You' for the tickets you sent us to see the Circus in Torquay on 28 May 2017.

All our families had a fantastic time and everyone was so kind and helpful. Many of the families never have a chance to access live performance, or indeed any trip out, so this was an amazing experience for them. The program was amazing and suitable for all ages and stages.

One of our young iteenagers is having a very challenging time at the moment, trying to moderate his behaviour and he misses out on so much as a result of this. The generosity of your sponsors meant that he could come to the circus with two support workers to keep him safe, and he was enthralled by the whole performance and didn't move!

Yours sincerely

Clare McGrath
